

Description:

- Micro Size 12V 2A Single Output Switch Power Supply
- The Micro Size Switch Power Supply has wide input voltage range, steady and precise output voltage.
- Full load burn-in test.
- Over current, over voltage, short circuit protection.
- Low output ripple and noise.

Specification of the 12V 2A Power Supply:

- Input voltage: AC100V-240V
- Input frequency: 50-60Hz
- Input surge: cold, 0.6A@100-120VAC 0.35A@200-240VAC
- Output voltage: 12V
- Output current: 2A
- Output voltage adjustment range: $\pm 10\%$
- Size: $\sim(L)8.5 \times (W)5.8 \times (H)3.8\text{cm}$, $\sim(L)3.4'' \times (W)2.3'' \times (H)1.5''$
- Color: as photo shown
- Weight: 161g
