

MB102 Breadboard Specification - As stated by the manufacturer

- Locking On/Off Switch
- LED Power Indicator
- Input voltage: **6.5 V to 12 V** (DC) or USB power supply
- Output voltage: 3.3 V / 5 V can switch over using jumpers
- Maximum output current: 700 mA
- Independent control Lanes, can switch over to 0 V, 3.3 V, 5 V on Breadboard
- On-board two groups of 3.3 V, 5 V DC output header pins for convenient external lead use.
- Size: 5.3 cm × 3.5 cm
